

Sealless steel strapping tool MST-3

Sealless steel strapping tool

- ✓ One device for three different strap widths (13, 16 and 19 mm)
- ✓ Simple conversion to other strap widths

The MST-3 is a portable handheld device, suitable for sealless horizontal and vertical strapping of various packages and loads. The MST-3 can accommodate three different strap widths (13, 16 and 19 mm). Switching to other strap sizes is a very simple operation, which consists of adjusting two stop plates on the base plate.
